Service Provider Criteria and Contract Requirements

The successful bidder(s) will be responsible for participating in the Federal E-Rate program.

In addition, the District may use this bid to issue purchase orders and pay for items on a purchase order that are not eligible for E-RATE discounts. The District will pay the vendor using District funds for these purchases.

Prices must be held firm for the duration of the E-Rate Year 14 fiscal year ending June 30, 2012, or until the end of resulting contract. Proposals must clearly identify costs associated in items/services that are not eligible for E-Rate discount.

These projects and services depend on partial funding from the E-rate program.

- NO billing or work can take place before July 1, 2011.
- In the event of questions during the E-Rate audit process, the successful vendor is expected to reply within 3 days to questions associated with their proposal.
- The vendor is responsible for providing a valid SPIN (Service Provider Identification Number) at the time the bid is submitted
- ***The vendor is responsible for providing an FCC Registration Number (FRN) with their proposal. Any potential bidder found to be in Red-Light Status will be disqualified from participation in the bidding process and will be considered non-responsive.***
- All work is subject to the 100% approval of the project or purchase by the FCC under the E-rate discount program of the Telecommunications Act of 1996.
- The Service Provider will be required to send copies of all forms and invoices submitted to SLD prior to invoicing the SLD to the District for our records.

All Service Providers will be responsible for procuring the discounted amount from the SLD. Applicant will not provide the form 472 (BEAR form reimbursement process).

The District reserves the right to deny any or all proposals associated with this RFP, even with SLD funding approval. The district reserves the right to accept the pricing proposal solely dependent upon SLD approval.
