School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

AUHS is fortunate to have an outstanding alternative education program. The North Valley High School (Continuation high school) provides appropriate education for 16 through 18 year old students who desire an alternative setting or have been unsuccessful in the comprehensive school program. Students are taught in a High School style program with teachers in 5 classrooms and a full time paraprofessional aide. Staff members are dedicated to helping the students achieve at the highest possible level and credit acquisition. The curriculum taught is in line with State Standards. Many students take advantage of the opportunity to accelerate their education and graduate early or use part of their day for employment. Other students progress until they are returned to the comprehensive school or to a suitable alternative program. The mission of the Anderson Union High School District, a school community partnership committed to students and which celebrates excellence, is to prepare students to be responsible, productive, and self-sufficient adults, through high expectations and by providing quality student-centered educational experiences.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

School Facility Conditions and Planned Improvements (Most Recent Year)

The current North Valley High School campus was constructed in 1992. An additional building was added in October 2007. The campus consists of five classrooms, and an office, contained in five modular buildings. All classrooms are connected to the Internet and are also part of a local area network that connects the campus with the District's comprehensive high schools, other alternative education sites, and the District Office. Although NVHS does not have a library, it does have the Internet and every classroom has a collection of books that students may check out.

The Principal and other staff members keep a close watch on the condition of the campus, especially with regard to litter. Students are assigned to pick up trash in lieu of suspension or detention, and all staff members pick up trash as needed. Therefore, this is a very clean and attractive campus. North Valley High School is cleaned on a daily basis by one custodian. At NVHS, we have had very few problems with vandalism because the students generally take pride in the good appearance of the campus. A 13 camera surveillance system keeps watch and records all areas of the campus 24/7. Students enjoy our basketball court and a pull-up bar system is being designed and installed.

The AUHSD maintenance and custodial staff maintain the buildings and grounds. Because the campus is small, the Principal and staff are able to monitor arrivals and departures of students and visitors. The District continues to maintain a deferred maintenance program despite legislative changes affecting the funding and requirements of the traditional State School Deferred Maintenance program. The district budgets for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	12.0	0.0	56.0	55.0	48.0	50.0
Mathematics (grades 3-8 and 11)	0.0	0.0	28.0	29.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	27	18	66.67	0.00

Socioeconomically Disadvantaged	20	13	65.00	0.00
Students with Disabilities	--	--	--	--
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	28	17	60.71	0

White	21	13	61.9	0
Socioeconomically Disadvantaged	21	12	57.14	0
Students with Disabilities	--	--	--	--
Foster Youth	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percentage of Students Meeting or Exceeding the State Standard					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
Science (grades 5, 8, and 10)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Career Technical Education Programs (School Year 2017-18)

Our Career Choices curriculum is the foundation for preparing students to focus on a career and exploring our CTE pathways. Nearly all of our students participate in one way or another in CTE classes where they gain valuable “real-world” experiences with industry standard skills. Another strength of our program is our ability to send students to the Shasta Trinity Regional Occupation Center. Our students have choices in Firefighting, Administration of Justice, Culinary, Medical Careers, Cosmetology, Careers with Children, Cisco Networking, and Automotive Technology. Our students complete a program with important job skills and work place confidence enabling them to be competitive in the job market or in their college studies.

Career Technical Education Participation (School Year 2017-18)

Measure	CTE Program Participation
Number of pupils participating in CTE	5
% of pupils completing a CTE program and earning a high school diploma	33
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	100

Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2017–18 Pupils Enrolled in Courses Required for UC/CSU Admission	89.5
2016–17 Graduates Who Completed All Courses Required for UC/CSU Admission	0.0

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Upon enrolling at North Valley High School, students and parents participate in an orientation meeting with the principal. The school counselor, parent, and student meet to select an appropriate class schedule. Students with special needs, such as Special Education, are enrolled in Resource Specialist Program (RSP) classes. All Individualized Education Plan (IEP) meetings are held with parental participation. North Valley High School has an ad hoc Advisory Committee, with parent and student members, which helps with our self-study report for the Western Association of Schools and colleges (WASC) visitation. Parents are welcome to volunteer in the classroom, on field trips, and at the graduation ceremony. Our graduation ceremony is as formal and well run as any local high school and attracts 300 family members.

The programs and activities at North Valley High School benefit from direct parental involvement or indirect support. For more information on how to become involved, contact Kenneth C. Hood, Principal, at (530) 365-6054, extension 50001.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School			District			State

School Safety Plan (School Year 2018-19)

The North Valley High School Safety Plan was last reviewed in October 2016. The plan is being revised and updated. The purpose of the School Safety Plan is to provide staff, students, and community with information about how school and community personnel and resources will be utilized in emergency situations. Even though such situations are rare, it is still necessary to be prepared. Since North Valley High School has a staff of ten and a student body of 80, there is less chance of an intruder going unnoticed or of a student or staff member being left in the building in a fire. Nevertheless, visitors must check in through the office, and a procedure is in place whereby we may notify the office of an intruder, and the office staff will then alert all staff. Fire drills are conducted once per semester. Parents who wish to review the School Safety Plan may do so by making a request through the school office.

Professional Development (Most Recent Three Years)

The primary areas of focus for staff development are Credit Recovery and Restorative Practices. Student performance, credit achievement and suspension data are used to determine the need for professional development. Professional development is delivered in after school workshops, conference attendance, and individual mentoring. Teachers are supported during implementation through in-class coaching, teacher-principal meetings, and student performance data reporting. The District offers three district wide in-service days for all staff in addition to numerous release days for departments and individuals to receive professional development around specific topics. We have created a week long workshop in the summer to create and evaluate common benchmark tests and pacing guides. We offer after school workshops primarily focused on Instructional Technology and Common Core State Standards.
