# A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### School Facility Conditions and Planned Improvements

The Oakview High School campus located at 5250 West Anderson Drive. It is made up of two classrooms, public restrooms, five teacher work stations, and access to a tech lab. The facility is modern and in good condition. The two classrooms are used for students who are testing or working independently. Being an independent study school, there is no need for a cafeteria or gymnasium. The school provides a safe, clean, and functional environment for learning through proper facilities, maintenance, and campus supervision. The school is in full compliance with all codes, including ADA accessibility. A janitorial staff of one person cleans nightly and is adequate for this size facility. The maintenance office is located on the Anderson Union High School campus and is on-call as needed.

The district budgets for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

### **B. Pupil Outcomes**

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	25	N/A	51	N/A	47
Mathematics (grades 3-8 and 11)	N/A	0	N/A	25	N/A	33

### 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who met the standard standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### 2021-22 Career Technical Education Programs

We promote strong CTE programs in Agriculture, Culinary, Information Technology, and Public Safety. Our Freshman Career Choices curriculum is the foundation for preparing students to focus on a career and exploring our CTE pathways. Nearly all of our students participate in one way or another in CTE classes where they gain valuable "real-world" experiences with industry standard skills. The district purchased more classes through Edgenuity allowing Oakview students access tp CTE classes.

Another strength of our program is our ability to send students to the Shasta Trinity Regional Occupation Center. Our students have choices in Firefighting, Administration of Justice, Culinary, Medical Careers, Cosmetology, Careers with Children, Cisco Networking, and Automotive Technology. Our students complete a program with important job skills and work place confidence enabling them to be competitive in the job market or in their college studies.

CTE Advisory Committee Members: Ted James, Sierra Pacific Industries, welding mechanics, fabrication, and business, science Delbert Gannon, Owner Creekside Logging. welding mechanics, fabrication, and business. Pete Dickerson, CTE Instructor Shasta College, Heavy Equipment and Construction Trades.

## **State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### **C. Engagement**

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

### 2022-23 Opportunities for Parental Involvement

Parental involvement is instrumental in a student being successful in independent study. Parents provide transportation, encouragement, structure, and academic support when at home. Oakview has an open-door policy, and encourages parents to be part of weekly educational meetings. If parents have questions about independent study or the school, they can communicate with teachers and administration via the Alternative Education Department at (530) 365-6054 ext. 50001. Parents also play an important role in helping to shape Oakview High School through participation on the School Site council and the WASC Accreditation Committee. Teachers also meet with parents to sign a written agreement at the beginning of each semester. For more information on how to become involved, contact Lupe S. Cordova, at (530) 365-6054, extension 50001.

# **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### **Suspensions and Expulsions**

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

### 2022-23 School Safety Plan

Oakview High School has a Safe School Plan, which is reviewed annually and was last updated in September of 2022. The plan addresses the response to a variety of natural and man made disasters, including: earthquake, flood, shooter or intruderon-campus, fire, etc. Oakview High School has a zero-tolerance policy toward violence, alcohol and drug use, hate crimes, and sexual harassment. These policies are spelled out in the Safe School Plan. Parents and community members can view the Safe School Plan at the school at their convenience. The Safe School Plan was reviewed by the site council in November of 2021.

### **Professional Development**

The primary areas of focus for staff development are Credit Recovery and Restorative Practices. Student performance, credit achievement and attendance data are used to determine the need for professional development. Professional development is delivered in after school workshops, conference attendance, and individual mentoring. Teachers are supported during implementation through in-class coaching, teacher-principal meetings, and student performance data reporting. The District offers three district wide in-service days for all staff in addition to numerous release days for departments and individuals to receive professional development around specific topics. We have created a week long workshop in the summer to create and evaluate common benchmark tests and pacing guides. We offer afterschool workshops primarily focused on Instructional Technology and Common Core State Standards. All staff attended a training for Edgenuity. The District is committed to continuous improvement and assigns three teachers on a part time basis to provide instructional coaching.

This table displays the number of school days dedicated to staff development and continuous improvement.
