RFP No. 2021-AUHSD-ELECTRONICS

REQUEST FOR PROPOSAL

Network Electronics

Amendment No. 1

Date: January 28, 2021

THIS AMENDMENT IS ISSUED AS ADDITIONAL INFORMATION AND/OR AS A CHANGE IN SPECIFICATIONS OR INSTRUCTIONS TO ALL PROSPECTIVE BIDDERS INTERESTED IN THE ABOVE-MENTIONED REQUEST FOR PROPOSAL.

The due date for this RFP is being extended as follows.

RFP REVISED DUE DATE: February 25, 2021

REQUEST FOR INFORMATION:

- Q. The RFP is pretty clear that refurbished equipment won't be accepted, but the only possible option for C4KX-NM-8SFP+ is the Refurbished option (C4KX-NM-8SFP+-RF). At this moment in time, Cisco doesn't have recertified stock available and there's no guarantee of availability at the time of purchase unfortunately.
- A. Due to the nature of the equipment requested, AUHSD will accept proposals for refurbished options for equipment that is no longer available as new
- Q. Second is with the 2960Xs. Are they being added to existing stacks? We're likely to position an alternative/equivalent since the end of sale date for the 2960X switches is October 31, 2021. If invoicing can't commence prior to July 1, it's a pretty small window to procure and ship these as stock starts to shrink rapidly.
- A. Due to the nature of the equipment requested, AUHSD will accept proposals for refurbished options for equipment that is not expected to be available as new at the time of an anticipated funding commitment decision letter.

CLARIFICATION AND/OR NOTES FOR SCOPE:

All changes and/or clarifications will appear in **RED** type and deletions will be struck out within a revised sentence.

Please see the following changes made to the **SCOPE OF WORK** section in RFP:

~~No refurbished equipment is acceptable.~~ **Refurbished equipment is acceptable.**
