2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

West Valley Early College High School—the Home of the Eagles—is a comprehensive high school with a “can do” attitude. This attitude is exemplified in the school’s motto: Find A Way! This motto is taken to heart by administration, faculty, staff, students and parents alike. Established in 1981, West Valley serves approximately 730 students in grades 9-12. The campus is a modern, clean, and safe facility, with excellent classified, certificated, and district support. It is one of six schools in the Anderson Union High School District. The district consists of one continuation high school, one adult school, one independent study school, a new technology high school, and two comprehensive high schools. West Valley Early College High School (WVECHS) serves the communities of Happy Valley and Cottonwood in southern Shasta County. It is predominantly a rural,

agriculture area, geographically isolated from any metropolitan area. Nearly 30% of our students live outside our attendance boundary and yet choose to attend West Valley High School. To many, "It is a place they want to be!" The school is a California Distinguished School, National ESEA Distinguished School, and was awarded a six-year accreditation term by the Western Association of Schools and Colleges (WASC) Accrediting Commission in 2022.

School Goals

School Goal # 1 - WVECHS will revise course offerings to increase dual enrollment participation and the percentage of graduates meeting the University of California "A-G" requirements.

Master schedule revisions.

Promotion of dual enrollment and A-G courses.

Promotion of teachers receiving their masters degree in their content area.

School Goal #2 - WVECHS will provide focused academic, social emotional, and counseling support to increase the graduation rate and meet the diverse learning needs of students.

Provide teachers professional development opportunities regarding social emotional best practices.

Provide teachers professional development opportunities to develop grading practices.

Provide counselors professional development opportunities to develop academic and social emotional best practices.

School Goal #3 - WVECHS will develop and implement benchmark and interim assessments to meet the diverse learning needs of students.

Use assessment software to evaluate the academic achievement of students.

Evaluate California Assessment of Student Performance and Progress (CAASPP) System results and other relevant state data to determine instructional best practices

Provide collaboration time for teachers to develop instructional best practices and research relevant curriculum.

School Goal #4 - WVECHS will develop and maintain a systematic method for partnering with parents and community members.

Conduct informational meetings regarding Dual Enrollment and A-G courses at WVECHS.

Conduct business outreach to develop partnerships with local businesses.

Increase communication between parents, students, and community members.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The curriculum and instruction committee is comprised of the head of curriculum and instruction at the district level, administrators, department chairs from all sites, a board member, and counselors. New text books and books for reading are presented at these meetings and discussed. We also discuss upgrading textbooks for condition reasons as well as updated editions.

School Facility Conditions and Planned Improvements

West Valley's facilities are one of the finest in the north state. The buildings and grounds reflect a clean and safe environment with buildings containing adequate restrooms. The maintenance and custodial departments, along with help from staff and students, take pride daily in keeping our campus clean. Both maintenance and custodial departments strictly adhere to a routine daily and annual maintenance schedule. Our modern computer labs, classrooms with ActivBoards, Olympic-size swimming pool, all-weather track, and on-campus farm are just a few of the unique amenities that have contributed to this 67-acre high school campus. A state-of-the-art, 245-Kilowatt solar electric (photovoltaic-PV) system is fully operational.

In November of 2012, a general obligation bond initiative "Measure C" was passed by the voting community. Facility projects include roofing every building, a school wide HVAC upgrade, new exterior doors, electrical and plumbing upgrades and other general modernization. Phase I of the modernization was completed during the summer of 2013. The bond projects were completed during the summer of 2017. In 2019, the pool filtration system was replaced and the HVAC system in the 200 building was renovated in the summer of 2020.

The large gym floor was replaced along with new scoreboards in both the small gym, large gym, and football field.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

West Valley High School has tremendous parental and community support. They raised over \$200,000 for student scholarships for the graduating class of 2024. Parents assist with many student and extracurricular activities, volunteer weekly in the student store, serve on committees, and volunteer their services with any of the numerous booster club organizations. The parent-directed Sober Grad All Night Party has been a successful annual event at West Valley High School. Community members and parents help represent all of the school stakeholders during the WASC accreditation process, Local Control Accountability Plan meetings, and Site Council meetings. Parents are also well represented at Dual-Enrollment informational meetings, Back to School night, and 8th-Grade Orientation. West Valley also started a Community Partnership Program during the 2022-23 school year to build relationships with the community, promote local businesses, and create more employment/career opportunities for West Valley students. The community partnership also brings a career fair to our campus with over 20 local businesses. This is held in March and will be our second annual this year.

2024-25 School Safety Plan

Each year, staff and administration continue to improve many of the emergency procedures used throughout the year. The school conducts school safety drills to provide the best possible preparation for students and staff in the event of an emergency. Parents can obtain a copy of the School Safety Plan from the attendance office. The plan was last updated in October of 2024. West Valley High School utilizes the services of a Shasta County Probation deputy during school and some extracurricular activities. Local law enforcement agencies frequently utilize the West Valley campus for emergency response training. West Valley High School is a closed campus. All visitors must sign in through the main office and wear name tags while on campus. All students are issued a photo identification card (ASB). All faculty members hold students accountable for their actions. Undesirable behavior is dealt with firmly using a progressive discipline plan, with an emphasis placed on consistency and parent communication. The administration provides strong support for discipline and a positive school climate.

Professional Development

The District offers two district wide in-service days for all staff in addition to numerous release days for departments and individuals to receive professional development around specific topics within core departments. The Shasta County Office of Education offers an annual schedule of professional development opportunities that staff members are encouraged to participate in to develop as professional teachers. Beyond the SCOE professional development offerings, the principal has encouraged all teachers to seek professional development opportunities. Once a professional development opportunity is identified, interested members complete a professional development request form that is evaluated by the site principal and superintendent for approval. Once the request is approved, the participating staff members report back to the teaching staff best practices they learned at the professional development seminars. Below are some of the professional development seminars teachers participated in this school year:

- NWEA interim assessment and benchmark refresher training
- School City interim assessment and benchmark refresher training
- IXL interim assessment and benchmark refresher training
- Certified Google Educator Certification
- ASCA Conference
- Jostens Conference

This table displays the number of school days dedicated to staff development and continuous improvement.
